APPLICATION FOR A SPECIAL EXCEPTION

City of Atlanta
Bureau of Planning
55 Trinity Avenue SW, Suite 3350
Atlanta, Georgia 30335-0310
(404) 330-6145

Special Exception applications are heard and decided by the five-member City of Atlanta Board of Zoning Adjustment appointed by the Atlanta City Council. The Bureau of Planning serves as staff to the Board and all inquiries regarding your application should be directed to this office (404) 330-6145. The schedule of closing and public hearing dates is attached (Attachment 4). The rules of the Board provide that members will not discuss the merits of any case except in the public hearing for that case.

The City is divided into 24 Neighborhood Planning Units (NPUs), each of which has a volunteer citizen advisory committee. When you file your application, you will be notified of the NPU contact person and that you must schedule a meeting with that NPU in order to explain what you wish to do. The applicant is expected to contact the NPU prior to your public hearing before the Board of Zoning Adjustment. A copy of each application is sent to the appropriate NPU during the week that the application is filed.

Your application will be scheduled for a public hearing. The Staff of the Bureau of Planning will advertise the subject of the public hearing at least 15 days before the public hearing: (1) by sending written notice of your application to all owners whose property is within 300 feet of the subject property, and (2) by causing a legal notice to be placed in the newspaper. ***You are responsible for obtaining a public notice sign when you file your application with the Bureau of Planning, and for posting it in a visible location on your property, at least 15 days prior to the hearing. Failure to properly post the sign will make it necessary for the BZA to defer your case to another public hearing. The BZA must defer a case at least 30 days.***

Requests for withdrawal received prior to all three types of public notifications will be considered for refund of fee paid.

Each applicant must appear and present their case in a public hearing before the Board of Zoning Adjustment. The applicant is given a total of ten minutes to present your case. Those persons in opposition to your application are also allowed ten minutes to present their viewpoints. As the applicant, you may reserve a portion of your time for rebuttal.

The Board of Zoning Adjustment shall have the power to hear and decide applications for Special Exceptions from the City of Atlanta Zoning Ordinance. Before granting any Special Exception, the Board shall find the facts of the case, and shall find that the granting of the exception will not adversely affect the surrounding property.

SPECIAL EXCEPTION APPLICATION INSTRUCTIONS

Your Special Exception application should be typewritten and all signatures on the application must be notarized.

Each application must contain a legal description of the subject property (metes and bounds or a recent plat of survey), a complete site plan (three copies) of your property which shows all existing and proposed improvements, and a written justification (see criteria below) for the Special Exceptions that are requested.

The proper fee must accompany your application at the time of filing. Checks must be made payable to City of Atlanta. The application fee schedule is attached for your information.

Each Special Exception application must be accompanied by a Referral Certificate. This Referral Certificate describes the Special Exception you are requesting and is obtained from the Zoning Enforcement Division, Bureau of Buildings, Suite 3900, 3rd Floor City Hall, Atlanta, GA, (404) 330-6175.

If you do not own the subject property, the owner must sign the Notarized Authorization by Property Owner (See Page 5) which authorizes you to file this application. If more than one property owners is involved, each owner should sign a separate authorization.

If you choose to be represented by an attorney, the attorney should sign the Authorization of Attorney (See page 6.)

The schedule of special exception application closing dates and public hearing dates is attached.

The staff of Bureau of Planning reviews and makes written recommendations to the BZA on each Special Exception application. You may call the Zoning Division of the Bureau of Planning at (404) 330-6145 on the day before the public hearing if you wish to know the staff's recommendation.

In connection with Special Exceptions, the Board may attach conditions and safeguards concerning fencing, screening, or other buffering and such other matters as are reasonably required to assure the tranquillity of the neighborhood.

The following classes of Special Exceptions comprise the majority of such applications heard by the Board. The specific criteria for these classes of applications are included for your information. Your written justification should address these criteria.

CHURCHES ON LOTS OF LESS THAN ONE ACRE

1. Ingress and egress to the property and proposed structure or uses thereon, with particular reference to automotive and pedestrian safety and convenience, traffic flow and control, and access in case of fire or other catastrophe.
2. Off-street parking and loading areas where required, with particular attention to the items in 1. above.
3. Refuse and service areas.
4. Appropriate buffering or screening to alleviate such potentially adverse effects as may be created by noise, glare, odor, lighting, signs or traffic congestion.
5. Hours and manner of operations.
6. Length of time regarding the duration of such permit, if any.
7. Required yards and other open spaces.

PARKING. The Board of Zoning Adjustment may waive or reduce the parking and loading requirements in any district when the character or use of the building is such as to make unnecessary the full provisions of parking or loading facilities, or where such regulations would impose an unreasonable hardship upon the use of the lot.

WALLS AND FENCES. Any request for walls or fences should include:

1. a site plan showing the full extent of the wall or fence; and
2. a drawing showing a typical portion of the wall or fence including gates of ornamental fences.

The Board of Zoning Adjustment may grant Special Exceptions in any district for greater heights of walls and fences only upon finding that:

1. Such wall or fence is justified by reason of security or privacy and will not unduly prevent passage of light and air to adjoining properties and is not incompatible with the surrounding neighborhood;
2. Such greater height is justified by requirements for security of persons or property in the area;

3. Such greater height is justified for topographic reasons; or,
4. Such greater height, in the yard or yards involved, is not incompatible with the character of the surrounding neighborhood.

ACTIVE RECREATION FACILITIES: The BZA may grant a Special Exception to permit active recreation in yards adjacent to streets in residential districts only upon finding that:

1. The location will not be objectionable to occupants of a neighboring property or the neighborhood in general by reason of noise, lights or concentration of persons or vehicular traffic; and
2. The area for such activity could not reasonably be located elsewhere on the lot.

In connection with such Special Exceptions, the Board may attach conditions and safeguards, concerning fencing, screening or other buffering, existence and/or location of lighting, hours of use, and such other matters as reasonable to assure the tranquility of the neighborhood.

In some cases, applications for a swimming pool or tennis court adjacent to a street may also need a Special Exception for a wall or fence. This should be verified with the Zoning Enforcement Division of the Bureau of Buildings prior to making application.

SATELLITE DISHES: The BZA may permit satellite receiving dish antennae to be erected in any yard, (required or other), or attached to the primary or an accessory structure. However, such Special Exception shall be granted only upon finding that:

1. The location will not be objectionable to occupants of neighboring property or the neighborhood in general by reason of visual unsightliness, potential hazard to pedestrian or vehicular traffic movement, or the obstruction of light or air to adjoining properties; and
2. The equipment could not reasonably be located elsewhere on the lot. However, a problem related solely to signal reception standards shall not be considered sufficient grounds for granting relief under this paragraph.

NONCONFORMING USES AND STRUCTURES: See Section 16-24.001 through Section 16-24.007 of the City of Atlanta Zoning Ordinance and the following subsections:

1. Expansion of nonconforming uses or structures or of major structures and premises in combination: See Section 16-24.005(i).
2. Replacement or reconstruction of a destroyed major structure containing a nonconforming use: See Section 16-24.005(6)(b).
3. Expansion of a nonconforming use in R-4 (Single-Family Residential) and R-5 (Two-Family Residential) districts: See Section 16-24.005(7)(a).
